02/2016

Aalto University School of Electrical Engineering

• Major: *Electronics* • Minor: *Computer Science*

Finnish Matriculation Examination

05/2008

Oulu University Upper Secondary School

EXPERIENCE

Project Employee

12/2017 — (09/2018)

Aalto University Department of Signal Processing and Acoustics

Research and development work in the Aalto speech recognition research group:

- Building and administering a server-based, real-time speech recognition system running on a RHEL 7 virtual server, enabling speech audio input streaming from multiple sources.
- Visiting Researcher at the Department of Computer Science at the University of Sheffield, UK, during 4.6.-6.7.2018, focusing on audio beamforming and microphone arrays.
- Advisor for a Master's Thesis on developing an augmented reality automatic speech recognition application on the iOS by utilizing the Apple ARKit.

Research Assistant

12/2016 — 10/2017

Aalto University Department of Signal Processing and Acoustics

I did my Master's Thesis at the Aalto speech recognition research group, working in an Academy of Finland project on developing a conversational assistance application for the hearing impaired by utilizing automatic speech recognition.

- Developed a GUI desktop application for Finnish real-time speech recognition running on Ubuntu using Python, GTK+, GStreamer and the Kaldi speech recognition toolkit.
- Designed and conducted user testing to validate the developed software application.

DJ & Radio Host

04/2011 — present

Bassoradio

I co-host a two hour radio show *Ruff Cut* on Finland's top urban and electronic music radio station *Basso* every other Thursday evening.

DJ & Audio Engineer

01/2010 — present

T:mi Juri Lukkarila

Djaying professionally with over 400 performances all around Finland. I also do audio recording, mixing and production as a freelancer. Past projects include radio commercials, voice-overs, theater productions and countless dance shows.

- Learned to be self-imposed and to take responsibility of my work and time management.
- Has taught me excellent social, communication and organizational skills.

Salesperson

02/2010 — 01/2013

Stockmann Herkku Helsinki

Part-time salesperson at the Stockmann flagship grocery store.

- Customer service and inventory management in a fast-paced working environment.
